## I love Nature

As I walk into the woods I can hear leaves rustling and birds singing a tune.

As rain is coming from the sky as the birds sing and bugs buzz.

As I walk into the woods I feel a tree as smooth as an acorn and dry leaves as whispering as ever.

By Liam

## NATURE IS CRING

I hear wood chimes crashing.

Moss as soft as cotton wool.

Birds tweeting happily.

Sticks cracking in the fire.

Leaves swaying in the wind.

Acorns as hard as metal.

Tree branches swaying in the breeze.

Plants as green as ever green leaves.

Nature is caring, nature is beautiful.
